WELCOME

TO THE OCTOBER 2026 EDITION OF REAL SEARCH MONTHLY NEWSLETTER!

As we move through another month, we celebrate the progress, dedication, and teamwork shown across Real Search throughout October. Every milestone reflects the collective effort of our teams and our shared commitment to continuous improvement, stronger collaboration, and delivering the highest standards across everything we do for our communities and residents.

COMMUNITY MEET & CONNECT

This month also brought several key operational updates. We held a key community meeting with Water bay, Al Rimal and Dar Tower residents. In this edition, we recognize our Employee of the Month, celebrate our Top Sales Performers for September,

Feature an Employee Spotlight from Facility Management Department. Recognizing the people behind our progress remains essential to our culture. We also highlight that Real Search Supports Breast Cancer Awareness Month

And F1 Update: as Bahrain Meets Malaysia at Sepang. Alongside this, our Seeds of Gratitude & Motivation Corner remains a cherished space where team members share appreciation and celebrate everyday contributions.

As ***Real Search*** continues to grow, every department and team member plays an important role in shaping our success. Whether through major projects, daily responsibilities, supporting colleagues, or going the extra mile for our customers, every effort matters.

Thank you to each of you for your ongoing dedication, professionalism, and hard work every single day.

A warm welcome to our newest joiners, and a special shoutout to our September birthday celebrants!

Let's carry this positive momentum forward for another month of progress, achievement, and shared success.

From the CFO's Desk

Dear colleagues,
Here are this month's updates from Finance, all aimed at less paper, fewer delays and better tracking.

01 | NOW LIVE
Digital signatures with Adobe Sign

We have adopted Adobe Sign. From now on, all lease agreements and management agreements will be signed digitally.

Faster
Each party signs online, from any device, in minutes rather than days.

More secure
The whole document is signed and locked in one step. No page can be changed or swapped.

Shared instantly
The final signed copy goes to both parties at the same time.

Fully traceable
An audit trail shows who signed, in what order and when.

Please send agreements for signature through Adobe Sign instead of printing them. For access or a quick walkthrough, speak to the Finance Department.

02 | STARTING NOW
Use calendar invitations

Many meetings are still arranged by email or WhatsApp, with everyone expected to remember the date and time. This leads to missed meetings, clashes and confusion.

- Send an Outlook invitation for every meeting, internal or external, in person or online.
- Check availability in the calendar before choosing a time.
- Add a clear subject, a short agenda and the location or Teams link.
- Accept or decline promptly, so the organiser knows who is coming.

When every calendar is up to date, we can all see who is free and plan our day with confidence.

03 | OUR DEFAULT
Meet online first

Where a meeting does not need everyone in the same room, please hold it on Microsoft Teams. Online meetings help us:

- Start right away, without waiting for people to travel or arrive.
- Decide on the spot, so topics are discussed, agreed and closed in one sitting.
- Include the right people, even when they are at another building or on site.
- Save time, with no travel between offices and properties.

Face-to-face meetings are still welcome when being there truly matters.

04 | IT UPDATE
New laptops for our teams

This month we issued new Mac laptops to some of our client-facing staff. The next rollout will upgrade the laptops in the Accounts Department.
